

Ed Sheeran - Overpass Graffiti

(www.ukuleleakordy.sk)

AmThis is a dark parade **G**
Another rough patch to **F**rain on, to rain on
AmI know your friends may say **G**
This is the cause of cele**F**bration, hip hip hooray

The **G**photographs and sepia tones,
so still the fire's **Am**barely fighting the **F**cold, alone
There were **G**times when I could feel your ghost
Just when I'm **Am**almost letting you **F**go
The **G**cards were stacked against us both

Ref.:

CI will always **G**love you for what it's worth
DmNever fade like graf**F**fiti on the overpass
CI know time may **G**change the way we think of us
DmBut I remember the way we were
You were the **F**first full stop
Love that will never **G**leave
GBaby, you'll never be lost on me

Am Ooh, ooh, ooh, oooh **G**

Ooh, ooh, ooh, oooh **F**

Ooh, ooh, ooh, oooh

AmThis is goddamn shame **G**
Never wanted to **F**break it or leave us tainted
AmNow I should walk away **G**
But I just can't re**F**place us or even erase us

GThe car was stuck the engine stalled
And both of us **Am**got caught out in the **F**snow, alone
There were **G**times where I'd forget the lows
And think the highs were **Am**all that we'd ever **F**known
GThe cards were stacked against us both

Ref.:

CI will always **G**love you for what it's worth
DmNever fade like graf**F**fiti on the overpass
CI know time may **G**change the way we think of us
DmBut I remember the way we were
You were the **F**first full stop
Love that will never **G**leave
GBaby, you'll never be lost on me

Am -0oh, ooh, ooh, oooh-**G**
-0oh, ooh, ooh, oooh- Lost on **F**me
-0oh, ooh, ooh, oooh- Baby, you'll never be lost on me

Am -0oh, ooh, ooh, oooh-**G**
-0oh, ooh, ooh, oooh- Lost on **F**me
-0oh, ooh, ooh, oooh-
